Dear Mrs. Nell Dorr,

I learned from Mr. Herman Craeybeckx that you published a new photo-book. He is so enthusiastic on your work that I permit myself to ask you if it is possible to have a copy of it. I have a great admiration for your photographs and I should be much obliged to you if I could follow in your recent pictures the way you'r going now. As a contributor on several cultural periodicals (De Periscoop, Ons Erfdeel, Foto-Tribune) I have the opportunity to review your book.

Thanking you in advance for being so kind to let me have your new publication, I am

yours faithfully,
