Studio Charges: $60.00 per 400 foot reel of 16 mm film. This includes staff and equipment for a period of 1 1/2 hours. This time is ample when script and picture have been properly timed in advance. Overtime $30.00 per hour.

Film: Unexposed sound film $5.00 per reel. Developing sound film, $8.00 per reel. Printing sound film, $17.00 per reel. (Fine grain track print necessary for printing with Kodachrome.) Film charges are based on the number of reels used because sometimes there are several retakes necessary.

It is necessary to have black and white work print or scoring negative.

This is for 16 mm recording

Music: The charge is $17.50 per selection per use. We use records, and this charge applies to records which we have available and includes both the fee for the copyright and that for the re-recording. You will note that it is necessary to pay each time a selection is used. Selections run up to three minutes. The charge for setting up the music is $6.00 per hour.

Narration: The charge varies with the prestige of the narrator. Competent narrators are available from $60.00 per reel upwards.
