Nettleton Hollow Road
Washington, Connecticut 06793

Dear Ms. Dorr,

Your lovely photograph of NURSING MOTHER finally reached us and our Art Director is working on the design for the record jacket for Dr. Helen Caldicott's album. The picture is so beautiful and so touches the essence of the wonder of la Vie, even tho forces are about everywhere trying to make it unrealizable.

On April 26th there is going to be an Anti-Nukemarch in Washington (D.C. I mean and not in CT) when many thousands of college students and parents of college students will be meeting to show there must be other ways of meeting the energy problems confronting the world. Since the album won't be ready for another month or so we've put together a cassette that I hope will be ready by the 23rd and I'll go down and see what the temper is and sellthem myself. It's not really the kind of thing I'm made for, but one does what he has to do. I'm enclosing a rough of the cassette insert to give you a notion of how it will look.

Nowthat buds are beginning to break out and flowers showing they're coming alive it means Spring is really on its Way. During the next couple of weeks everything should blossom. In early May one day when the weather is beautiful I'll drive up to Washington to say Bonjour. But of course I'll let you know before I do.

Take care of yourself.

Sincerely,

Arthur Luce Klein
