Dear Ms. Dorr:

We are at present preparing a special Japanese language series of books to be called The Home Library. The series will be distributed only in Japan and will derive some of its material from existing Time-Life Books.

This will necessitate our asking you to send us the original photograph(s) used on page(s) 10 of Human Behavior: The Family (see attached stat), as soon as possible.

Thank you in advance for a prompt reply.

Sincerely,

Barbara S. Simon
