Dear Mr. Disney:

Thank you very much for your letter of August 18 and your kind remarks about Mrs. Dorr's book. Mr. Theisen purchased a copy and was very complimentary about it.

Regarding Mrs. Dorr's work, I wonder if you have seen the exhibit The Family of Man by Edward Steichen where four of her pictures are shown?

You may also be interested in knowing that many of the pictures in "Mother and Child" represent Tasha Tudor and her family whose dolls' wedding is pictured in LIFE of September 12. The children are Mrs. Dorr's god-children and her own granddaughters, Barbara and Katherine Howe.

Mrs. Dorr is presently working on a movie, but that is her own story.

I certainly shall look forward to visiting DISNEYLAND as I shall be in San Francisco about November 4 at a meeting of the Board of Directors of Dorr-Oliver of which I am Founder-Chairman and shall try to persuade my wife to come with me. I know the opportunity of visiting your place would be a strong inducement.

Sincerely,

John V. N. Dorr
