Mr. John V. N. Dorr
99 Park Avenue
New York 16, New York

Dear Mr. Dorr:

In the absence of Mrs. Roosevelt, who is on an extended vacation, I am replying to your recent letter.

Mrs. Dorr has compiled a very outstanding book, and I was fascinated with its very unusual photography. We would be very interested in receiving additional copies and would accept whatever quantity you might want to send to us.

We would be very delighted to assist in publicizing this book if you would like to take advantage of using one of our Broadway windows for a display of same. Our Broadway windows are approximately 7' long, 3' deep and 4' high, and the only condition is that the display be prepared by the user of the window. We have extended this privilege to the various publishers who have assisted us in our endeavors and have established a two-week minimum period and a four-week maximum period, depending upon the schedule at the particular time the window is requested.

If you would be interested in using the window, I would be very happy to talk further with you on the subject, and I suggest that I be contacted some time next week as I am leaving for Washington this week.

Very truly yours,

William P. Bollman, III
Secretary
