

December 6, 1954

Dear Tony:

I am enclosing the material we talked about and also some pictures

I do not know exactly your idea of the story, who would write it and whether they would need any further information. If so, you always know where you can find me and I will be happy to cooperate.

Thank you so much for sending me the magazine with five of my photographs in it, but I do not find any credit given.

I loved seeing your hideaway a few days ago but am only sorry not to have had the privilege of meeting Mr. Shagendorph.

Sincerely,

Nell Dorr
