Mrs. Mary Lou Babington,
14 Berwick Way,
Lake Nelson, New Jersey.

My dear Mrs. Babington:

It was a great pleasure to meet you the other night at the South Dakota School of Mines Reunion, and to hear of the work that you are doing with young children in your neighborhood. It sounded most interesting and I am sure you can feel that it is the work of the Lord.

I am taking much pleasure in sending you a copy of my wife's book, which I mentioned to you, as I know that you will appreciate it. I have also taken the liberty of sending one to your daughter, who I am sure is worthy of it, plus.

With kindest regards

Sincerely yours,
