Dear Sir:

Your letter of November 19th received.

I am indeed interested - the more because I spent a couple of months at Johannesburg and surrounding country, back in 1929 and have been greatly grieved at the recent developments that suggest that the word "Christian" is becoming obsolete.

The book was published by The Dorr Foundation - one reason being that they felt its story of the real America would be helpful in times like this when there is so much misrepresentation.

We are sending you postpaid six copies of the work for your distribution where they will do the most good in carrying out our ideas.

Some day you may have an opportunity to see a movie by the author of the book, who - I am proud to say - is my wife. The movie is called "The Golden Key" but is still in the process of completion.

Thank you very much for your letter which is greatly appreciated.

Sincerely,

John V.N. Dorr - Chairman
