Mr. and Mrs. Frederick V. P. Bryan  
426 East 89th Street  
New York, New York

Dear Denise and Freddie:

We are at last sending you the book, "Mother and Child." It should have reached you much earlier. I am enclosing with the book a brochure about it in case any friends of yours would like to get it. You will note the Dorr Foundation is handling it direct as well as Harpers for we found out that the second edition, on which we are now working, would not break even on the normal basis of distribution.

I am enclosing with this letter a bit about the White Line, the other effort of Dorr Foundation. Perhaps we will have to wait until the next incarnation for us to be intelligent enough not to be too busy.

With much affection,

Sincerely,

John V. N. Dorr
