Very dear friends.

We received your kind letter of Jan. the 13th. with the reprint of the article "A Mother-Artist and her Camera" and also the Memorandum from the Dorr Foundation on Project # 11.

Yesterday the extraordinary book

"Mother and child" by Mrs. Dorr arrived
to us and all of us did experiment
a great emotion with this book full
of art and spirituality. We are
very happy to have this book and
we are certainly very proud to have
the privilege to be friends of Mrs. Dorr
and you.

Are you planning to come to Spain
again? We will be very glad to meet you
again. With our deep affection

Your good friend
Theresa Bunting
