Dear Doctor Dorr:

I wrote you a hurried letter September 19th when I received your letter and Mrs. Dorr's book, "MOTHER AND CHILD". At that time, as I told you, I did not have a chance to study it; time was of the essence as I had to board a plane.

It is a masterful rendering of art in words and photographs; an exquisite dream, so different from my way of expressing dreams.

I am looking forward with anticipation and pleasure to meeting and exchanging art views with Mrs. Dorr when you will both be in San Francisco in November.

With kindest remembrance, I am

Sincerely,

Arthur Cahill
