Dear Ramon:

I am sending under separate cover Nell's book, "Mother and Child," which I know you both will love. I am also enclosing somewhat of a story of Nell's photographic history and a memorandum and clipping regarding a safety project which has interested me in the last year. Both are sponsored by The Dorr Foundation, a catalytic trust in which I have been interested.

I took the liberty of suggesting that one of our engineers, William Hitzrot, contact you or your brother but suspect that you may all be down at that lovely island that we have dreamed about.

Our plans for the year are not well set as we have just merged with the Oliver United Filters Company and there are many things coming up.

With warmest New Year's wishes to all of you,

Sincerely,

John V. N. Dorr
