St.Davids-Wayne,
March 14, 1961.

Dr.John Van Nostrand Derr,
99 Park Avenue,
New York City.

RECEIVED

MAR 15 1961

J.V.N.D.

Dear Dr.D e r r:

It was an enjoyable trip to New York from Great Barrington, on February 12th, when I had the happy occasion to visit with you on the Train.

It was again a delight to receive Mrs. Derr's "MOTHER AND CHILD" and her exquisite rendition in photography and prose. I feel that she has made a beautiful contribution to the Women of the World and you are sending a Message of Life's Rhyme and Reason in Pure Form through the friendly services of the Derr Foundation.

Please remember us when you have the opportunity to come to Philadelphia. Dr.Christensen can be reached at Hahnemann Medical College, DPTMT. of Pharmacology (Locust-4-5000/ext.427) during the day, and our St.Davids telephone number is MURRAY-8-6604.

It would be a pleasure to meet you in the City or to bring you out to St.Davids. Perhaps, Mrs.Derr would accompany you. We shall probably drive up to Great Barrington to fetch Toni, in early June; I doubt that we would be using the train again except for any unforeseen trip. As we seldom go to New York I hope to have the opportunity of meeting you again in this area.

With much appreciation for your remembrance of us,

Sincerely,

Gladys York Christensen
