2021 Albion Street  
Denver, Colorado

Dear Mrs. Clinton:

It is late to acknowledge your letter from the Ambassador.

Mrs. Sheldon has not telephoned me. I certainly would enjoy meeting her. The work she has done certainly must be monumental and very useful, but I imagine it would not have a wide circulation. I appears to be the kind of book that should be published by a foundation, ready to be useful.

Regarding "Mother and Child", you would be interested in knowing that Mrs. Dorr is making a children's movie in New Hampshire at this time and if you watch LIFE you may find a photographic story of a doll's wedding taking place at the Doll Museum of Tasha Tudor at Contoocook. If so, you may recognize two of my wife's grandchildren in it.

The next time I head Denver way I shall hope to have the pleasure of seeing you.

Sincerely,

John V. N. Dorr
