Dear John:

Nathalie and I are delighted with Nell's new book which reached us last week, and we are grateful to you and to her for including us among those of your friends to receive it. We are particularly grateful for the heartwarming inscription on the flyleaf.

We have both glanced through it with great pleasure, but have not yet had the opportunity to read it carefully--an experience to which we look forward with great eagerness.

With every good wish and the warmest regards,

Yours sincerely

Bob
