John dear -

So nice to hear from
you and sorry not to be able
to help. I have your letter before
me, I am a believer in miracles
too -

John it is all I can do, to
meet my family obligations -

I am leaving Calif - apr. 7th
to spend Easter with mother,
who is eighty six in Indianapolis.

Hope if the funds hold out
will make N. Y. for at least
ten days -

Life is very different these days
than it has been for me and
I no longer have the Dorr drive
which both you and Nette have.

A year in and out of bed
have forced me to accept things
I never thought I could -
book mailed 3-30

If it is the most difficult job you have met, how do you expect me to meet it John - ?

I wish I could, the hardest thing for me to learn has been to say "No" -

So sorry I won't be here to greet you -

An old friend of Netto is at Bishop's school for girls in case that is an answer - (Polly Tompkins)

So sorry not to be here to greet you, but the latch string is out - Tel. Thircourt 4 - 5898 -

Wish I could be of more help - at present my family is all I can take -

Hope dear you understand with love and all best wishes to you both -
As ever Marg -

Mrs. Russell
