Dear Miss Park:

Thank you for your letter of April 22. The Dorr Foundation has not established any regular policy regarding the granting of scholarships. It has been, however, interested in a variety of things and from time to time makes such a grant. Two subjects which would seem extra-curricular may interest you.

I am enclosing a brochure of a book "Mother and Child" which has been requested by the United States Information Agency for distribution abroad where they are combating communism. The other is a safety measure whose progress depends largely on publicity. I think Mrs. Dorr would be glad to autograph a copy of "Mother and Child" and present it to the college library.

It would interest you to know that at least two young women have told Mrs. Dorr that the book had changed their lives in relationship to their children and husbands.

Sincerely,

John V. N. Dorr
