Dear Mr. Cooke:

I have a copy of your letter to Mr. R. F. Stewart of February 4. We are so pleased that you both have liked Mrs. Dorr's book. It has now been accepted by the United States Information Agency who have requested 150 copies for distribution as a starter.

I am enclosing some data about another project of ours which I would think would have use in your immediate country.

We remember our visit with you and your brother most happily.

Sincerely,

John V. N. Dorr

Enclosures: D. F. Memo #3 with reprint from N. Y. Times of 1-5-55.
