Dear Mr. Stewart,

I am not quite sure whether my brother has written to you to thank you for sending along the most delightful book of photos by Mrs. Dorr, and in case he has not done so yet I want to take this opportunity of thanking you most sincerely.

As you know, there was a time when I did quite a lot of photography but recently pressure of work has very much restricted this hobby. My brother, however, has comparatively recently taken the hobby up and is at present "badly bitten by the bug," so you see both of us are able to appreciate the artistic qualities of the photos in Mrs. Dorr's book, and I assure you we have both looked through it with great interest and we do appreciate your kindness in sending it to us, and we shall value it for a long time to come.

It also serves as a reminder of the joy it gave us to welcome Dr. and Mrs. Dorr here some years ago, and of the very pleasant memories of their visit. We found them most charming people and only wish it were possible to see them again.

I will most certainly write to Mrs. Dorr in the near future and express our appreciation of the book.

Once again thanking you, and with our very kindest regards,

I remain,

Yours sincerely,

Eric H. Cooke.

P. S. Since writing this letter my brother has written to Dr. Carr as he wanted to thank him for the Christmas cards and also his appreciation of the kindness he received from members of your organisation when in Holland last year. He took this opportunity also of conveying our appreciation of Mrs. Derr's book.
