Transvaal, South Africa

Dear Mr. Davidson:

Your letter of January 21 has remained unanswered on account of my absence South and on account of a bit of virus cold.

I sincerely would love to come over to your place and hope somehow that I can manage to do it again before I pass on. If my wife would fly, there would be a better chance of my coming but she does not like to do it and I hesitate to go so far away without her.

I am, however, sending you some material regarding two things that have interested me besides our business.

My best to all of you.

Sincerely,

John V. N. Dorr
