1538 East 6th Avenue
Denver, Colorado

Dear G:

Answering your letter of April 15th, we are greatly pleased that Miss Getta Hines does not wish to have the books on consignment and we are therefore sending her a bill with 30% discount on the list price.

We thoroughly appreciate your efforts in this connection and are therefore sending you a check for 10% of the list price, i. e. \$4.95.

I wish we could get out to Denver, but life seems busier than ever.

I hope you can build up a very good market for Mother and Child, not only on account of its value, but also because it will help market Nell's next book "The Bare Feet" for which she got a large amount of interesting information and pictures in Mexico, on her last trip.

Incidentally, can your friend see any market for the Blue Moon which was brought out some years ago and might be in demand on account of "Mother and Child"?

Affectionately,

John V. N. Dorr
