WASHINGTON, D. C.
wants to
buy a deer

Bear keel -

How can we thank
you for the lovely book
Words can't express
the deep feeling of
the world unfolding
within a mothers
heart - Forever old
forever new -

I don't agree with
J. V. N. that its an
expression of American
life - It could be
any people any
place any time -
because the wonder

and eternal beauty that
comes with birth
and the young innocence
is an intangible feeling
deep in the heart
of all mothers -

I am sending today
two little presents for
you and J. V. N. for
Christmas - Peter
brought them back
from Japan -

Have a happy
holiday both of you
So much love
Peter

When are you coming to Washington
So I have to send an engraved
invitation -
