

May 14, 1956

Mrs. Evelyn Millis Duvall, Ph. D.  
5206 So. University Avenue  
Chicago 15, Ill.

Dear Mrs. Duvall:

Thank you for your letter of April 26th. I shall be very happy to grant you permission to use the photograph you refer to in your new text for college students "Family Development" and am sending you herewith a glossy print for this purpose.

This particular photograph is one included in my book "Mother and Child" which is sponsored by The Dorr Foundation, 99 Park Avenue, New York 16, New York. Upon the request of the United States Information Agency The Foundation sent a thousand copies of this book for distribution among their libraries around the world, as it is felt it reflects the American way of life from a valuable angle.

I am taking the liberty of sending you a copy of my book which I hope will interest you.

There will be a nominal charge of \$25.00 for using the photograph as an illustration and I would appreciate a reference to its source of origin. I trust this will be satisfactory to you.

I feel grateful for your interest and send you my best wishes.

Sincerely,
