Dear Mr. Eaton:

This book, "Mother and Child", comes to you as a gift from the Dorr Foundation. It is sent in the belief that you will find it of interest not only because of its beauty but because of the use that is being made of it as an interpreter of life in America to people in foreign lands. It portrays in graphic form human relationships in family living which are spiritual in their essence and are the common experience of mothers and children everywhere.

The book has been sent to libraries, art museums, schools and to individuals in 77 countries outside the Iron Curtain. The many letters that flow back from those who have seen it give convincing evidence of the value of person to person contacts in revealing spiritual forces which reach across national and racial boundaries and bind together the people of the world.

It is the earnest desire of the Trustees of the Foundation to have the book seen by people in all lands hoping its message may help to clear away some of the misconceptions about America that now impede the advance of international understanding.

Your leadership for Peace in this dark period of world history gives new hope to those who sense the dangers. If you can suggest channels through which the book may be sent to individuals in Russia and in the satellite countries it would be deeply appreciated. You can reach us at 99 Park Avenue, New York 16, N. Y.

We salute you and send you warm greetings in this Christmas season.

The Trustees
The Dorr Foundation
