Dear Mr. Troy:

I have received with genuine pleasure Mrs. Dorr's unique creation. It is another outstanding achievement and reflects her mastery of the written word, as well as light and shadows.

Please be assured that I am grateful not only for the book, but your thoughtfulness in sending it to me. I am glad to have it in my library.

With sincere regards and best wishes to the gifted artist whose visit I recall with a great deal of pleasure.

Sincerely

Leopold Eckler
