Dear Mr. Dorr:

Through some oversight on the part of our office staff, Mr. Edison has not yet responded to your letter and enclosures of March 10, 1955.

Mr. Edison is now out of town and I hasten to acknowledge the beautiful and exciting book you sent to Mr. Edison. Both he and Mrs. Edison read and looked at it with great interest and enjoyment. I did not have the opportunity to discuss with Mr. Edison, whether or not he might be interested in paying for some of these beautiful books so that they may be distributed. I shall take this up with him upon his return.

With very best wishes and appreciation for the interest in our work.

Sincerely yours,

Marvin Liebman
