Dear Miss Dorr:

May we have permission to reproduce this excellent photograph from the book, "The Family of Man"?

We are preparing a course for our church school teachers on the Characteristics of their pupils, and their growth and development. We want to make a filmstrip to use at these teachers' institutes, by taking pictures of photos such as yours. These filmstrips would be supplied by our Education office to be used at this one series of institutes, and would never be sold commercially.

We would appreciate very much the privilege of using your work in our filmstrip. Your "permission granted" would be most welcome!

Sincerely,

C. Richard Evenson

P.S.
We are sending this clipping only for purposes of identification. If permission is granted, we would be taking a picture of this photo from the larger volume of "The Family of Man".
