Mr. J. H. Fears, President
The Lee County Bank
Fort Myers, Florida

Dear Mr. Fears:

I have your letter of January 24 but have not answered it before as I have been away.

The bank you sent was here in the office but somebody swiped it. If you have another I would be glad to have it.

There are two things that interest me and might interest you. One is a book by my wife called "Mother and Child" which has just been accepted by the United States Information Agency for foreign distribution. The other is a safety program which is meeting considerable success.

I was down on the eastern part of Florida and in Havana recently but saw no chance to get over to your side. One Ernest R. Graham, recently State Senator, living in Hialeah, is a very old associate of mine and I have had the pleasure of visiting Sanibel Island so Florida is not unknown to me.

The safety program may interest you. I have discussed it somewhat in Florida but I don't think it has taken hold.

With kindest regards and looking forward to visiting you and seeing the paintings,

Sincerely,

John V. N. Dorr
