Forum-Verlag Gesellschaft m. b. H.
Niederhofstrasse 37
Wien XII, Austria

Gentlemen:

Thank you for your letter of January 14, 1956. The photographs you refer to are done by my wife, Nell Dorr, and she has mailed you, by airmail, the print you requested.

This is to authorize its use, as she has assigned all printing rights to the Dorr Foundation, which has brought out her book "Mother and Child", from which this photograph is taken.

I am enclosing a circular regarding "Mother and Child", and at her request, the Foundation will be delighted to send you a copy of her book, which is being mailed to you under separate cover.

You may be interested in knowing that the United States Information Agency felt this book would tell so much of American life that they requested a number of copies and have distributed them to their libraries.

Sincerely yours,

John V. N. Dorr
