April 5th —

Dear Doctor Dorr,

May I thank you for sending the very beautiful volume of "Mother and Child" by Mrs. Dorr.

The photographs and the written word therein are inexpressively lovely. I can't tell you how very much your thoughtfulness is appreciated.

My husband joins me in all good wishes to you, and in telling you what a great pleasure it was to have met you in Princeton.

Cordially,
Betty Francis
