His Excellency
Carlos P. Garcia
President of The Philippines
Manilla

Sir:

I regard it as a privilege to send you, by the courtesy of Mr. Emil C. Nebel, an engineer of the Dorr-Oliver Company, a copy of the book "Mother and Child".

I had the pleasure of giving one to your illustruous predecessor, President Magsaysay, who I regarded, together with a large majority of our people here, as one of the great men of these times in any nation.

You may be interested in knowing that through the United States Information Agency a request was made on our foundation to furnish 500 copies of this book for distribution in your schools.

May I say that I have the warmest admiration for the part that you and your country are playing in world affairs to-day and I shall hope to have the privilege of seeing the work being done over there myself some time.

Sincerely,
The Dorr Foundation

John V.N. Dorr - Chairman
