Dear Mr. Dorr:

This is to convey my sincere appreciation of the book "Mother and Child," a copy of which you sent me through Mr. Emil C. Nebel.

I was pleased to note that this volume was artistically conceived. The fact that 500 copies of it had been distributed to Philippine schools would furthermore give our students opportunity to appreciate its contents.

I wish to congratulate the Dorr Foundation for having published this book which, on its own merits, has a universal appeal.

In closing, let me also thank you for the encouraging interest you have manifested in Philippine affairs. You may be assured that you will be welcome here should you realize your desire to visit this country.

Truly yours,

Carlos P. Garcia
