Madam,

We are at present preparing next year's Gevaert Calendar and should very much like to reproduce your photograph "mother and child" with the Luca della Robbia effect (page 726 - Photorama N° 23) on the page for the first or second half of the month of January.

We would appreciate having your authorization to do this. Please let us know what your fee would be.

Yours very truly,

ppon. Gevaert/Photo-Producten N.V.
