Well dear, Here is a check for a "Mother & Child" to be sent to Alva Gimbel - I forget whether it is $4.50 or $4.95 if I owe you any more let me know. I've just written her a "thank you" note for the party & told her the book would come. Please autograph it for her. I liked her & know she would be interested in the Book & it might lead to new Sales.

I think of you often - In some way I can appreciate your problems & pray that you have the courage & health & strength to face them. I hope the eye is

better. The first week has passed lazily & pleasantly & in some ways stupidly - Some Excursions have started me more on the Volcanic Isle of Madeira yesterday. Had lunch in the clouds at 2,000 feet & came down by Basket Sledge - such fun & a wonderful way to see the lush vegetation from Alpines down to semi-tropical. Had fresh Papaya at dinner last night. Tomorrow Sanguer. The Common Themes mean nothing to me - to be well & happy when travelling I require the most simple diet possible.

Please write to me.
I miss my music,
All love. Dickie
