New York 16, N.Y.

Dear Mrs. Dorr:

Enclosed are carbon copies of the text to accompany your photographs. As I explained to you at the time of our last meeting, the pictures are divided into two parts: outdoors and indoors. The text marked "A" accompanies the outdoor pictures and serves as a general introduction to your approach and methods. The text marked "B" goes with the indoor pictures.

If there are any serious errors or ommissions please let me know as soon as possible so I can correct them in the proof stage. Incidentally, a credit line reading " All photographs from Mother and Child (Harper & Brothers, $4.50) by Nell Dorr" will appear near the title on the opening page. I hope our reproduction of your pictures will stimulate many people into buying the book itself.

Thanks again for your cooperation. It was a pleasure meeting you and working with you on this article.

Sincerely,
Arthur A. Goldsmith, Jr.
