Dear Mrs. Dorr:

We recently received a review copy of your latest book, "Mother and Child." We were impressed by the high quality and sensitivity of the photographic illustrations and are interested in reproducing a selection of the pictures in our magazine along with a brief text on your approach and working methods as a photographer.

I talked to Mr. Best at Harper & Bros. who suggested that I contact you directly since they had none of your prints.

If you are interested, would you please call me collect at our New York office? The telephone number is MUrray Hill 7-8080.

Sincerely,
