Dear Lucy:

I do not know whether you come in contact with the Book Review Department of your magazine but Harpers has sent to them a copy of Nell's new book, "Mother and Child" which, if you get a chance to see, you will find very wonderful.

We are back from a summer in Europe and seem to be as busy as ever. Nell is up at Hopkinton and I am circulating.

You have probably read in the paper of the Dorr-Oliver merger which seems like the natural evolution and I am greatly pleased with it.

Kindest regards.

Sincerely,

John V. N. Dorr
