Sept 16 Thursday

Dear Mr. Dorr -

What a surprise and what an unexpected treat I found on my return yesterday from the country. Of course I remember you very well and even if I had never met you I should love to have this book of Mrs. Dorr's.

What an incredibly subtle and beautiful use of the camera. I love it and am ever so grateful to you for remembering us -

I am calling it to

the attention of the paper's
reviewer -

We don't get to New York
as often as we'd like but
look forward to seeing you
very soon -

Gratefully

Kay Graham
