

March 21, 1955

Mrs. James M. Hendel
570 Park Avenue
New York, New York

My dear Mrs. Hendel:

I am sending you a brochure on my wife's book, "Mother and Child," together with some comments. We each have our own undertakings and it is not surprising, perhaps, how important they seem compared with what someone else is doing.

The book referred to is being distributed to some extent by the United States Information Agency. If you have any idea that your organization would be interested in it in any way, I would have a copy available.

Meanwhile, I shall hope that we can come to the lecture on Thursday night at the French Institute.

Sincerely,

John V. N. Dorr

Enclosures: brochure on "Mother and Child" and comments
