

June 22, 1955

Mr. Edward L. Gates
Institute of General Semantics
Lakeville, Connecticut

Dear Mr. Gates:

Mrs. Dorr has authorized me to tell you she would be very glad to have her letter regarding The Family of Man published in the General Semantics Bulletin. I have always been interested in the subject of semantics.

I am enclosing with this letter a brochure about a book by my wife, "Mother and Child," together with some comments on it because I feel certain they will interest you.

It may interest you to know that Mrs. Dorr is presently making a movie for children in New Hampshire.

Sincerely,

John V. N. Dorr

Enclosures: Brochure and comments on "Mother and Child"
