Dear Mr. Kerrigan:

Please convey my great appreciation of the action of your Board in excluding annual subscription after the fifty year membership.

I have been extremely proud to be a member of your organization for which I have the greatest admiration.

I do not know whether a technical organization would ever care to add to its library a small volume that speaks of the personal side of life which after all is an important part of living. I, therefore, take great pleasure in sending you the book MOTHER AND CHILD which tells its own story.

I plan to visit your country this fall and shall look forward to meeting you.

Sincerely yours,

John V. N. Dorr
