in an old lace christening gown that you would have envied - we bade her farewell at the Airport this a.m. mountains of luggage - 2 parrots & a baby & yet she was so beautiful & a bit like Pit.

Well I look at the Book every day of my life; it has so many words, I find real peace & calm from it. Please let me know your plans for coming South.

Best love to you & John

Well dear. Here is a check for $13.50 to pay for 3 Books one of which I have already received and it is on its way to England - thank you so much for the thought behind the most suitable autographing for Lucia & Bruce - they will I know be most appreciative.

One of the Books is for young Jack McKay - I saw him at a party & told him about

your book & he said that he would love to own one - he is such a fine fellow Dell - a lawyer in Miami - has a boy and a girl & his wife is so sweet - she was Betty Jean Walkling & knew Barbie - she lived on one of the Venetian Islands. Jack said how well he remembered you & that he'd love to see you so when you & John come down we'll have him come over.

Inscribe the Book to Jack & Betty Jean & have the Dow Foundation send it to them

direct to John L. McKay,
1300 Blue Bay,
Coral Gables.

the other book is for Bunny Yates, a special friend of mine who lives in Venezuela, loves parrots, little wild animals & children & all things - she is 90 - used to laugh when the Kanaboys & Dean all lived in the Kanchats, she was two years old Kanchats, she is here at Douglas - me 16 - is here at Miss Harris's school & one Sonnets, the most lovely baby - she was christened at St. Stephens yesterday
