Mr. Kenneth Leedom
The Dorr Foundation
99 Park Avenue
New York, New York

Dear Mr. Leedom:

In view of their interest in problems of old age, I wonder whether the Dorr Foundation would like to look into the work of the William Hodson Community Center of 4190 Third Avenue, CY 9-9225. It is doing a superb job in this field and it is desperately in need of support. If you or Mr. or Mrs. Dorr would like to visit it, please let me know and I will telephone to them and I know that they would roll out the red carpet, and this irrespective of whether or not any contribution is forthcoming. They are interested in showing people what they are doing.

Cordially,

Lawrence S. Kubie
