Dear Ken:

I am deeply grateful to you for sending me a copy of Mrs. Dorr's new book "Mother and Child". This is saying inadequately something that really cannot be expressed in words alone. But I am grateful, deeply so; and I wish that you would express that simple fact to her. The book is an incredibly beautiful achievement.

I wonder whether Mrs. Dorr has by any chance seen the recently published camera studies of infancy and childhood by Susan Sasz and Anna M. W. Wolf? It might interest her.

Two other questions. Where can the book be purchased, in book stores or only through the Foundation? And is Mrs. Dorr's earlier book "In a Blue Moon", still obtainable? and if so, where?

The book opened up many nostalgic personal memories of the Dorr's in Westport when I used to live there many years ago. I remember well Mr. Dorr's laboratories on Ford Road which I visited more than once. Tell me more of what the Dorr Foundation itself is interested in doing and supporting.

Again thank you for sending it to me. It was good to hear from you and to know that you are well.
