Dear Dr. Kubie,

Under separate cover I am sending you a copy of Nell Dorr's new book "Mother and Child". Knowing your interest in photography and the unique way in which the mother and child relationship is treated in this book I thought you would be most interested in having a copy.

As you can see by the letterhead I am now connected with the Dorr Foundation, a non-profit educational organization, and one of my main aims is the promotion of this book. Mrs. Dorr has given all rights to the book to the Dorr Foundation.

Perhaps to better tell the story of the universal appeal of this book I shall enclose a copy of comments which the Foundation has received from people who have seen the book.

As you probably know through Mr. H., I am still with him on a part-time basis. I am on leave of absence from the American Shakespeare Festival Theatre and Academy until early March during which time I am assisting in a non-specific capacity in the Dorr Foundation. The work is extremely interesting and keeps me jumping, and I have hopes of it developing into something more lucrative in the not too distant future.

With my very best regards,

Sincerely,

Kenneth Leedom
