Dear Mrs. Spencer:

As arranged with Dr. Dorr, yesterday, I take pleasure in sending you herewith six copies of the book "Mother and Child" in consignment which I trust will find appreciative buyers and will bring joy to the recipients.

I am also enclosing some press comments and reprints from "Yankee" March 1955, and the Christian Science Monitor, January 1955. The September-October 1955 issue of "Photorama", a photographic magazine published in Antwerp, Belgium, devoted an article to Mrs. Dorr's book, of which I am sending you a copy. I thought you would enjoy reading what they have to say about this book of beauty.

It was certainly nice meeting you yesterday. Please call me any time you need more copies of "Mother and Child", when I shall be glad to take them over to you.

Needless to say, The Dorr Foundation will give you the usual discount on any books sold.

With kindest regards,

Sincerely yours,

(Mrs.) Tine Everhard
