Mrs. Oswald B. Lord
U. S. Representative
The Commission on Human Rights of the United Nations
345 East 46th Street, Room 807
New York 17, New York

Dear Mrs. Lord:

The Dorr Foundation takes pleasure in sending you, under separate cover, an autographed copy of a book called "Mother and Child" which it has been instrumental in publishing. It is a book of photographs and tender beauty and may have a message for women all over the world.

You might be interested to know that the United States Information Agency requested and received a thousand copies of this book for distribution among their libraries around the world as it is felt that this work expresses the American way of life from a valuable angle.

We hope you will enjoy this copy and wish to extend to you our very best wishes for your important work/

Sincerely yours,
For The Dorr Foundation:

Tine Everhard - Assistant
