Dear Tom:

Thank you for your note which I found at the office yesterday, returning from Washington. I have to-day sent you ten copies (autographed) of "Mother and Child" which you should receive well before you leave for New York.

Nell is very busy with her movie. After the first print was made she found some corrections were necessary which are now nearing completion. She has not yet set a date for a first showing because we do not know when the new print will be ready. While you are in New York on October 8th and 9th, I am sure Nell will try to arrange it that Tasha and you could see it here. She will either write or phone you as soon as soon as she is able to make definite arrangements.

Dr. Dorr has made a remarkable recovery from his last serious operation and seems in much better shape than before.

Needless to say, I am very much looking forward to see you and Tasha. I hope you will have a pleasant drive down. The country should already be dressed in its beautiful autumn regalia bythen.

Kindest regards to both of you.

Yours,
