

November 9, 1954.

Chairman of the Board
Public Library
Massillon, Ohio.

My Dear Sir:

I am asked by "The Dorr Foundation" to send you this copy of the book - "Mother and Child" which will reach you under separate cover.

The author, Nell Dorr, was a resident of Massillon, for many years, and always refers to it and the life there most warmly. The financing of the book was taken on by "The Dorr Foundation" in the conviction that it should carry a story to other countries much more representative of America than some of the movies that reach there today.

Realizing it is many years since Mrs. Dorr lived in Massillon, I will send you to keep with the book, if you wish, some information about her that may be of interest.

I have never had the pleasure of being in your State, altho I have lived in New England, New Jersey and both South Dakota and Colorado, but I have always heard delightful things about it and hope to have the pleasure some day of coming there with Mrs. Dorr.

Very sincerely,

John V. N. Dorr
